Objective

I am looking to utilize my previous work and bootcamp experience to transition into a career in software development. I want to build business tools that make people's lives better.

Technical Skills

- Business : Git, Oracle ERP Applications (Oracle BI), Microsoft Excel, Google Sheets
- Front-End : HTML, CSS, JavaScript, Vue.JS (framework), JQuery
- Back-End: PHP, Laravel (framework), MySQL, Postegres
- Additional: Github, Wordpress (Blogging), Conversational Spanish

Relevant Experience

FEBRUARY 2017 - APRIL 2017

Vascor - Georgetown, KY - Logistics Engineer

- Documented all department workflow, resulting in 10 process documents and training material
- Created facility design of Vehicle Processing Campus in CAD for RFP Presentation to customer
- Performed weekly routing and monthly driver flow designs for customers

JULY 2015 - NOVEMBER 2015

Starbucks Corporate - Seattle, WA - Distribution Program Lead

- In charge of forecast process for entire warehouse network. Generated forecasts drove budgeting (AOP) and all labor planning.
- Led logistics S&OP process to determine future network capacity requirements
- Led analysis to determine optimal contingency execution and peak holiday distribution strategy through multiple, concurrent warehouse provider transitions (significantly reduced overall capacity)

DECEMBER 2013 - JULY 2015

Starbucks Corporate - Seattle, WA - Senior Distribution Analyst

- Distribution lead on 5 person team managing the onboarding of Amazon as a customer. Team received Channel Business Development Award.
- Implemented and led weekly touch-base for all logistics consolidation projects to ensure cohesive timing, goals, and savings
- Developed proposal with sourcing and finance for improved distribution cost model
- Served as project lead to standardize customer requirement documentation and implement audit process across network

APRIL 2013 - NOVEMBER 2013

Starbucks Corporate – Seattle, WA – Procurement Analyst (Food)

- Assisted on strategy creation for La Boulange platform rollout
- Led contract negotiations with fruit cup supplier to secure increased delivery frequency with lower cost. Received Bravo Award for resulting savings, operational improvements, and implementation.
- Managed entire food portfolio end-to-end for all Seattle's Best stores

AUGUST 2012 - MARCH 2013

Starbucks Corporate – Seattle, WA – Supply Planner / Operations Buyer

- Developed inventory plans across product portfolio
- Owned operational relationship with suppliers, and ensured product availability through promotions and product transitions

Activities

NOVEMBER 2015 - NOVEMBER 2016

Exploring – All Over

Traveled domestically and abroad. Chronicled experiences in WordPress blog: thebrubus.wordpress.com

FEBRUARY 2017 - CURRENT

Friends of the Kentucky Theater (Board) – Lexington, KY – Secretary

Organization dedicated to securing funds and increasing attendance for the historic Kentucky Theater

Education

SEPTEMBER 2017 - DECEMBER 2017

Awesome Inc U – Lexington, KY – Bootcamp Graduate

Student in a three-month, full-time training program for aspiring software developers

SEPTEMBER 2008 - MAY 2012

Michigan State University – East Lansing, MI – BA, Supply Chain Management; BA History

Alumni Distinguished Scholar: Scholarship covering 8 semesters' full tuition, room and board
